

## FROM THE PRINCIPAL

Dear Parents and Community Members,

The annual report card issued by the Oregon Department of Education offers a comprehensive picture of how Scio High School and its students are doing compared with all other high schools in the state. While this report does not portray a complete picture of all the things we do here at Scio, it does reflect the effort and work that both our staff and students put into learning and achieving. Our academic program continues to be focused on implementing the Common Core Standards. In doing so, our writing emphasis across all content areas is a must and standards based grading continues to grow in importance. Our

goal or mission is to prepare our young people for the real world so they are college and career ready. We have excellent teachers who care about the students and will work to see all of their students succeed. As a parent or guardian you can help by checking student's homework and providing a place and time for your son or daughter to work at home. Also attend parent conferences and stay informed by looking on line at your son/daughters progress.

Thank you,

Principal | Pat Dutcher

## STUDENTS

## OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

**The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.**
