Our Goal

1. The Goal is to have in-person instruction everyday for every student available all year long
 2. Consistency between buildings in regards to quarantine & isolation protocols
-

Quarantine Protocols

- If student is exposed a personal phone call will be made to each household. A 14 day quarantine is issued. This can become shorter. If your student takes a PCR test on the 5th day after exposure and it comes back negative then they can return after 7 days of quarantine. (Vaccinated individuals do not need to quarantine unless they display symptoms)
 - Testing positive for COVID-19 means you will be eligible for return 10 days after the date of your test and with at least 24 hours of no symptoms.
-

COVID-19 Cases in SSD

Centennial: 3 staff members, 2 students

Middle School: 1 staff member, 3 students

Available Testing

Weekly Staff Testing (required for unvaccinated, opt in for vaccinated)

EDUCATION HIGHLIGHTS

- Students have just finished up the first round of iReady testing in reading and math. iReady can also now be used as a dyslexia screening tool. The data from this testing helps us to look for gaps in student understanding, so that instruction is data driven.
- We have also checked student reading fluency in grades K-5 and are running targeted intervention services to accelerate student performance for those with the greatest need.

PROFESSIONAL DEVELOPMENT

- The Social Emotional Learning team has continued to lead teachers in RULER implementation and professional development. RULER stands for the **five skills of emotional intelligence**: Recognizing, Understanding, Labeling, Expressing, and Regulating emotions.
- Superintendent Martinelli trained the elementary staff on how to use DESSA. Dessa evaluates the eight key social and emotional competencies, and scores can be used to calibrate each child's competence in each of the eight SEL dimensions. The data can be used to plan individual intervention strategies or school-wide strategies to promote those competencies. The eight scale areas are: self-awareness, social

awareness, self-management, goal directed behavior, relationship skills, personal responsibility, decision making, and optimistic thinking.

- The school district has partnered with Linn County to offer counseling from a mental health professional on-site.

- Cross Country is off to a great start. Several students have broken their personal records and we are competing with larger teams.
- Cheerleading will be starting their competition season with a live game

Education Update:

- Students and teachers are getting back into the routine of full day school. We are seeing how tired and exhausted the students are. It made us go back and think. Wow our current Freshman were 7th graders that last time they were in school full time. This is making us rethink our priorities.
- Staff spend Statewide Inservice working together to plan and prep for engaging lessons.
