Why are we seeing such drastic changes?

- Additional support staff in classrooms
- Abbreviated School day
- Alternate lunch and recess times
- Designated "Calm down" space in every classroom
- Sensory Room/ Calm down Room
- Offered Breaks (as requested/ necessary)
- Soft start in the mornings
- Continued Action Research (part of our school improvement plan)

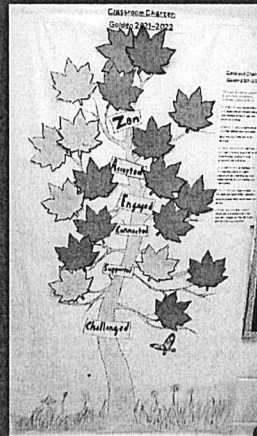

Ruler: What is it?

- **RULER is an acronym for the five skills of emotional intelligence.**
 - R: Recognizing
 - U: Understanding
 - L: Labeling
 - E: Expressing
 - R: Regulating
- **The development of these five RULER skills relies on four core tools:**
 - Charter
 - Mood Meter
 - Meta-Moment
 - Blueprint.

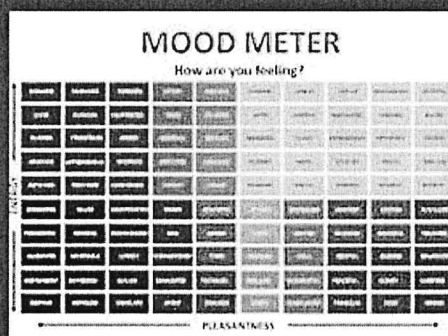

The Charter

Instead of typical classroom rules that are teacher-directed, the Charter is an agreement that is based in feelings.

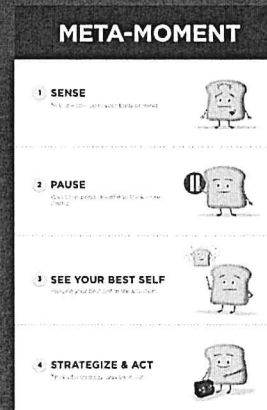

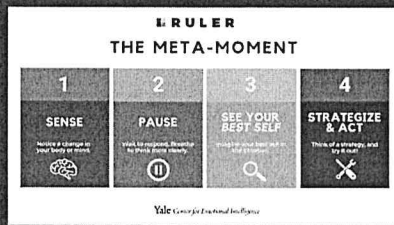

- 'How do we want to feel at school?'
- 'How will we make sure to feel these feelings?'
- 'What will we do when there is conflict or unwanted feelings?'

Mood Meter

Meta-Moment

Blueprint

BLUEPRINT QUESTIONS FOR PAST CONFLICTS

What happened?

YOUR PERSPECTIVE	OTHER PERSON'S PERSPECTIVE
• How did you feel?	• How might the other person have felt?
• What caused these feelings?	• What might have caused these feelings?
• How did you express or regulate your feelings?	• How did the other person express or regulate their feelings?
• How might your actions have affected others?	• How did their actions affect you and others?

Next time, keeping your "best self" in mind, how might you respond differently?

DESSA

- DESSA assesses eight social and emotional competencies and is intended to help educators:
 - plan instruction
 - document students' strengths and areas of need
 - inform progress monitoring
 - evaluate program outcomes
- The Eight Emotional Competencies are:
 - Self-Awareness
 - Self-Management
 - Social Awareness
 - Relationship Skills
 - Goal Directed Behavior
 - Personal Responsibility
 - Decision Making
 - Optimistic Thinking

Differences in the school since implementation...

- Accountability (Blueprint)
- Expectations are clear (Charter)
- Behaviors are down
- Relationships
- Small Group Implementation
- Track Growth/ See where improvements are needed

4) ITEMS FOR THE INFORMATION OF THE BOARD

4.1 Superintendent's Report: Superintendent, Steve Martinelli's packet included:

CURRENT

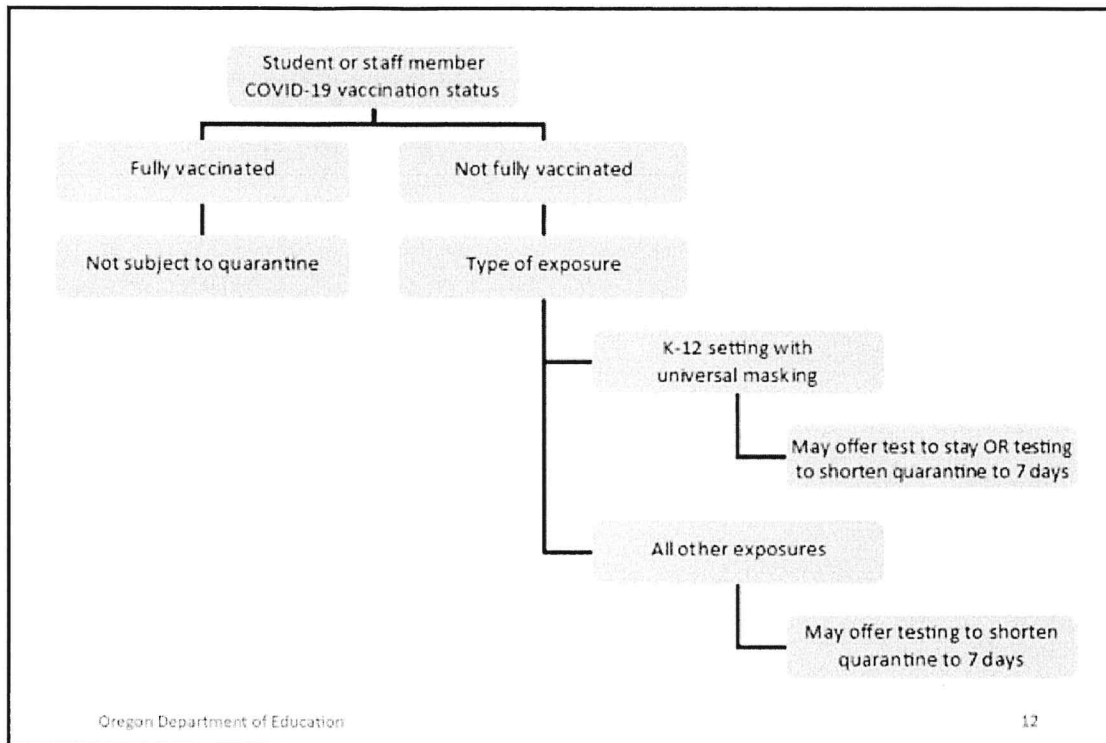

- **Long Range Facilities Planning Committee:**
 - The committee came together for the second meeting of three on November 30, 2021. Committee members looked at recommendations for improvements at each building location and engaged in discussions around potential priorities. Soderstrom will go back with our recommendations and put together a draft of a plan. The committee will review the draft on January 5, 2021 and make a recommendation to the school board once a final document is produced.
- **OHA and ODE Updates**
 - Two substantive updates for schools to the K12 face covering temporary rules OAR 333-019-1023 and OAR 333-019-1015
 - OAR 333-019-1025 maintains a statewide requirement for mask use in indoor settings and removes the requirement for everyone age five (5) or older to wear a face covering where people from separate households gather.
 - OAR 333-019-1015 will remove the outdoor face covering requirement for K-12 settings.
 - What does this all mean? It makes outdoor face coverings now a local decision, similar to other COVID-19 mitigation protocols such as physical distancing and airflow/ventilation.
 - OHA reviews data regularly to determine the need for face coverings. As COVID-19 rates increase or decrease in Oregon, decisions to relax or tighten statewide face covering requirements may be made.
- **Keeping Students Learning In-Person**
 - OHA and ODE have developed a new test to stay protocol that will allow unvaccinated students and staff to participate in in-person learning as safely

as possible while lessening the burden of quarantine on students, families, and staff. We know the critical importance that attendance has on student success and the CDC considers test to stay a promising practice for minimizing quarantine and maximizing school days in school.

- **Highlights of the Test to Stay Protocol**

- OHA's test to stay protocol allows unvaccinated students and staff to continue to participate in in-person instruction in Oregon's K-12 schools during their quarantine period. The risk of transmission is minimized in school settings because the required testing is combined with several layers of mitigation including universal masking, physical distancing, cohorting, and ventilation.
 - Test to stay is available only for unvaccinated asymptomatic individuals who were exposed in indoor and outdoor school settings where universal masking is fully in place. Indoor and outdoor exposures are reviewed for proximity and duration of exposure.
 - Test to stay requires unvaccinated individuals to be tested twice during the 7 days following exposure. First, as soon as the exposure has been identified, with a second test occurring between days 5-7 following the exposure.
 - Test to stay is a form of modified quarantine, which allows individuals to attend school during their 7-day quarantine period. However, individuals participating in test to stay are expected to maintain quarantine outside of classroom settings.
 - Students and staff participating in test to stay may participate in school-related extracurricular activities during their 7-day quarantine period but must wear a face covering at all times during these activities.
 - The CDC considers test to stay a promising practice for minimizing quarantine and maximizing school days in school.

Note: Test to stay may **not** be used following extracurricular exposures because masking in these settings is optional and the risk of transmission within the cohort is greater. Similarly, test to stay may **not** be used following community or in-home exposures.

EDUCATION HIGHLIGHTS / PROFESSIONAL DEVELOPMENT

- The Social Emotional Learning team has continued to lead teachers in the implementation of RULER instruction and DESSA assessment. The data from the DESSA assessments has helped us to identify the SEL skill strengths and needs of our students. Small and large group instruction, along with specialized behavior intervention plans are created using the data.

COMMUNITY

- In collaboration with the High School Leadership team and Scio Rural Fire District Volunteers, Centennial Families were able to donate thousands of food items to those in need.
- Scio Parent Club, with help from the Middle School and High School Leadership teams were able to put on a Gift Giving Fair for the elementary students. Our students were incredibly excited to be able to shop for their families, with the help of a bigger buddy. Thank you to all of the businesses and families that donated funds or items so that all students could participate.

- We have really enjoyed having high school cadet teachers in our classrooms. They have been assisting in the lunchroom, classroom, during PE, and during recess times.
- Students at the high school are supporting our students through creative senior projects. They have helped with the canned food drive and a special gift giving event for our kindergarten students. It has been wonderful to see these students giving back to our community.
- Scio Parent Club has helped us plan holiday parties for each classroom. We appreciate the continued involvement of our parent volunteers and room parents in the festivities.
- Ms. Brockamp and the elementary students have been working hard on a virtual winter program. The performance will be available for families to view through Google Classroom this week.

Principal, Dani Blackwell

School Enrollment: 228

Athletic Update:

- Winter sport participant numbers:
 - Girls Basketball = 11
 - Boys Basketball = 19
 - Wrestling = 14

Education Update:

- We finished Trimester 1. Students who failed courses are able to go right back into the class or take credit recovery, so they do not get too far behind.
- We had 1 senior graduate after Trimester 1.
- Currently, we are in week 2 of trimester 2. It was different to transition before winter break, but we are loving how students have more options for electives.
- The can food drive was a huge success. We collected more food than we have in previous years! Mr. Rounsavell and the leadership students did a fabulous job making it a competition with prizes along the way.
- Spirit week is going great. We have two assemblies (lip-sync & spirit) and dress-up days every day. Dec. 14 Ugly Sweaters, Dec. 15 Holiday Headgear (Santa Hat, Reindeer horn, etc.), Dec. 16 Santa's Helpers (Elf, reindeer, or snowman), & Dec. 17 Christmas Morning (wear PJ's).
- Our first Newsletter of the year will go out Friday, December 17, 2021. It is filled with amazing student work from Trimester 1.
