

**2022-23 Student Investment Account Annual Report Template**

This Student Investment Account Annual Report Questions template aims to help districts organize narrative responses to questions prior to submitting their Annual Report via SmartSheet. **Please note that this template will not be submitted** to the Oregon Department of Education; rather it is a tool to support grantees in compiling the necessary information that will need to be cut and paste into Smartsheet.

Required Question	Responses
<p>1. What changes in behavior, actions, policies or practices have you observed related to SIA implementation during the 2021-22 school year? How do you see these changes contributing to the goals and outcomes in your SIA plan? <i>(500 words or less)</i></p>	<p>The development of our MTSS Systems have increased significantly. Centennial has implemented a new small reading group intervention where all students get more direct reading instruction to ensure they don't get lost in the system. The middle school has developed a behavior system that looks to capitalize on prevention and building relationships with students. The high school has multiple levels of intervention including a new lunch time study hall, various attendance practices, weekly grade checks, etc.</p>
<p>2. What barriers or challenges to SIA implementation have you experienced that are helpful for your community and/or state leaders to be aware of? What adjustments, if any, did you make to your SIA plan as a result of these challenges? <i>(500 words or less)</i></p>	<p>A significant barrier to the implementation and meeting of our goals outlined in our SIA plan included the lack of substitutes. When we can't fill positions with qualified substitutes it would often derail our plans for the day at each of our locations. In addition the increased technology needs such as the nearly one to one chromebook implementation had caused a significant burden our our staff. We addressed this by including an additional assistant to help support teachers which helps to increase their instructional time with students.</p>
<p>3. SIA implementation includes ongoing engagement with all students, focal students, families, staff, and community partners. How have relationships with or between those groups changed and/or been maintained throughout this academic year? Consider the <a href="#">Community Engagement Toolkit</a> and where your efforts might land on the Levels of Community Engagement spectrum as you complete your response. <i>(500 words or less)</i></p>	<p>Our community engagement has continued throughout the 2022-23 school year. Parents and community members are very involved in our schools. Our partnerships with community organizations has been the largest growth over the year. We joined the newly formed Scio Service Integration Team, have increased our involvement with the STEM Hub and our local Regional Educators Network. Our schools continue to communicate weekly with their parents and guardians.</p>
<p>4. As you think about what guided your choices and prioritization efforts in this year of SIA implementation, what stands out? How will what</p>	<p>Our needs assessment and community engagement once again brought the social emotional needs of our students. We continued to invest in school counselors,</p>

Required Question	Responses
<p>you’ve learned this year impact future SIA implementation efforts? (500 words or less)</p>	<p>behavior support, and more classified assistants to help students be more successful and feel happy and proud to be at school. We know learning happens if student are prepared and ready to learn. If they feel safe and comfortable they will be able to absorb the information they are learning and all of our goals will be reached.</p>

1. (Optional) [SIA Progress Markers](#) offer a way to identify early impacts from the investments and strategies SIA grantees are pursuing. While not required for the 2021-2023 biennium, please consider charting your assessment of the significance of the kinds of changes that occurred for these progress markers during the last year as a result or through some contribution of SIA funding or planning processes.

*Explainer: As mentioned in Section 2 of the [Supporting Quality Implementation guidance](#), SIA grantees were asked to track changes (or the beginning of changes) occurring as the result of SIA implementation, but were not expected or required to meet all the progress markers. Progress markers are meant as a reflection tool for grant recipients to track changes when the investments create or contribute to the changes outlined. This is not meant to be a means by which ODE measures successful SIA implementation. Few grantees would see changes in each progress marker and it is okay to only capture changes that have actually occurred.*

*The significance of progress marker changes ranges from “Low” significance of change (smaller shifts) to “High” significance of change (larger shifts). The “No observable change” option should be marked when there has not been any noticeable changes for a progress marker, and the “Firmly in place” option should be marked in cases where the grantee feels that this progress marker was already in place prior to the 2021-22 school year. If you would like to add additional context to any of your progress marker responses, please use the optional “Explanation of any progress marker ratings” section at the end of the table.*

# SIA Annual Report Template

Significance of Progress Marker Changes	Low	Medium	High	Firmly in place	No Observable Change
<i>Expect to See</i>					
Every school recognizes and honors the strengths that educators, students and their families bring to the educational experience through active and consistent community engagement.					
An equity lens is in place, adopted, and woven through all policies, procedures and practices.					
Data teams are forming, and they frequently review data that inform a school's decision-making processes, including barriers to engagement and attendance.					
Schools and districts have an inventory of literacy assessments, tools, and curriculum being used.					
Increased communication exists between educators and families about student growth, literacy trajectory, areas for improvement, and individualized supports are provided.					
Schools and districts co-develop and communicate a shared understanding (among educators, students, families and community members) of what it means to be on track by the end of the 9th Grade.					

Significance of Progress Marker Changes	Low	Medium	High	Firmly in place	No Observable Change
<i>Like to See</i>					
Every school has effective foundational learning practices in place including safe, welcoming classroom environments, social-emotional learning, trauma-informed practices, behavioral supports, and culturally sustaining practices.					
Educators use student-centered approaches to foster student voice, reinforce student engagement and motivation, and increase academic achievement.					
Dedicated time for professional learning and evaluation tools are in place to see if policies/procedures are adequately meeting the needs of students.					
Comprehensive literacy strategies, including professional development plans for educators, are documented and communicated to staff, students (developmentally appropriate), and families.					
An audit of 9th grade course scheduling is conducted, accounting for student core and support course placement, and disaggregated by student focal groups.

<b>Significance of Progress Marker Changes</b>	<b>Low</b>	<b>Medium</b>	<b>High</b>	<b>Firmly in place</b>	<b>No Observable Change</b>
Schools strengthen partnerships with active community organizations and partners, including local public health, businesses, faith communities, tribal leaders, and others.					

<b>Significance of Progress Marker Changes</b>	<b>Low</b>	<b>Medium</b>	<b>High</b>	<b>Firmly in place</b>	<b>No Observable Change</b>
<i>Love to See</i>					
Educators have a balanced assessment system in place to help them identify student learning in the areas of reading, writing, research, speaking, and listening that are clearly connected to Oregon’s English Language Arts and Literacy Standards.					
School districts have a process to identify and analyze the barriers that disconnect students from their educational goals and/or impede students from graduating on time.					
Students have avenues to share and communicate their dreams and aspirations at all levels, including a clear picture of the contributions and next steps they
