### State Goals

The Oregon Department of Education is collaborating with school districts and communities across the state to achieve a 90% on-time graduation rate by 2027. Grounded in the pillars of Academic Excellence, Belonging and Wellness, and Reimagined Accountability, ODE prioritizes evidence-based practices to boost early literacy, attendance, and student engagement. We are committed to closing opportunity and achievement gaps for marginalized students and securing long-term success for all of Oregon's learners by investing in culturally responsive practices, fostering inclusive environments and always driving for continuous improvement.

### Safe & Welcoming Environment

We believe that each of our students will be equipped with the skills and academic knowledge to succeed in society with a strong character and the spirit of a life-long learner.

We believe this can be accomplished with fair and consistent support through classroom management, rigorous curriculum, and models of positive behavior.

We believe in determining the needs of the whole student and strive to provide every student with multiple opportunities for success.
