School Goals

Our goals focus on Social, Emotional, and Academic Skills. Centennial staff work tirelessly to improve student performance through strong instructional practices. We have supports for low-performing readers and we have in-class supports using the curriculum. Teachers utilize the GLAD style of teaching, which has improved our performance in science and social studies while also supporting kids vocabulary. Our weekly professional learning times are spent focusing on writing, attendance, behavior, and math.

State Goals

The Oregon Department of Education is partnering with school districts and communities statewide to reach a 90% on-time graduation rate by 2027. Anchored in the pillars of Academic Excellence, Belonging & Wellness, and Accountability, ODE prioritizes evidence-based strategies that strengthen early literacy, improve attendance, and deepen student engagement. We are committed to eliminating opportunity and achievement gaps for historically underserved students. By investing in culturally responsive practices, cultivating inclusive school environments, and fostering a culture of continuous improvement, we can help ensure every student thrives.

Safe & Welcoming Environment

Our school strives to ensure all students and their families feel welcome. Communication is a priority as we partner with families. Our teachers are responsive to calls and email, and our office sends home weekly newsletters and fliers. Each year we organize fun activities that involve the community: K-12 Talent Show, K-2 Winter Concert, 3-5 Spring Concert, Ghost Walk, Grandparents Day, and more. We continually welcome ongoing feedback about how we can make our school more inclusive for all.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

To ensure a safe and secure learning environment for all of our students, our school implemented STOP-WALK-TALK. This program works with students, school staff, and parents to give students tools to solve their problems and ask for help and seek support.

We host yearly training and discussion opportunities to help students and staff recognize bullying and harassment and provide strategies for intervention. Our Behavior Support Team encourages all of our students to speak up when they see bullying.

Our school counselor provides lessons and opportunities to guide our students in school safety and appropriate social interactions.

EXTRACURRICULAR ACTIVITIES

Many of our students play sports and participate in the community. At school, we wholeheartedly support those efforts.

PARENT ENGAGEMENT

Centennial parents are very involved. Over 1,000 hours per year are logged for volunteer support in and around the classroom. Volunteers assist teachers and students in the learning process, as well as providing support in preparation when possible. All parents are provided a list of guidelines for being an effective volunteer, and they make a huge difference in the life of our school. Our Parent Club also works closely with classroom teachers and the administration to enrich classrooms and improve our school culture. Their monthly meetings are well-attended, and their annual fundraising event goes toward improving our children's education.

COMMUNITY ENGAGEMENT

Each classroom is involved in multiple field trips and community programs that enrich students' education. In addition, we have annual fundraisers for charity and a food drive through our fire station that supports families in need. Students are highly motivated to support our community, and they are engaged in the life of our town, as well as our school.
